Our Tasters should be considered an excursion for your students, and a supervisor from your school is required for the day.

One day programs
At the completion of most of the one day Tasters, students make something they can take home. One day Tasters cost $550 +GST per group, and can take up to 14 students in a group. An entire group needs to be booked into the program, as individual bookings are not accepted.

Tailored Taster programs
Many schools are opting for longer Taster Programs with students attending Holmesglen on a weekly basis over a term or semester. During the program, they complete a different Taster each week. We try to be as flexible as we can to meet your needs, so programs can be customised for your school.
Automotive Accessories
Campus: Moorabbin
Example activity – Students get to make and take home a speaker for their iPod or MP3 player.

Bricklaying
Campus: Chadstone
Example activity – Students will be able to design and build their own brick walls.

Community/Children Services
Campus: Chadstone, Moorabbin and Waverley
Example activity – Students will experience hands on, creative and fun activities, learning about caring for people including babies, children, young people, the aged and people with disabilities.

Electronics
Campus: Moorabbin
Example activity - Students will construct a small printed circuit assembly consisting of a practice soldering section, a flasher circuit, and an electronic random dice.

Engineering
Campus: Moorabbin
Example activity – Students will design an object which will then be created using our state-of-the-art computer numerical controlled (CNC) machines.

Fitness/Sport & Recreation
Campus: Moorabbin and Waverley
Students will participate in a range of exciting fitness and sport related activities, a sample of these growing industries.

Floristry
Campus: Waverley
Example activity – Student will construct a small bowl of flowers and a corsage.

Furniture Manufacturing/Upholstery/Joinery
Campus: Chadstone
Example activity – Student will assemble, apply a finish and upholster a small footstool, saw stool or similar.

Horticulture/Landscape
Campus: Waverley
Example activity – Students will learn how to grow plants and how to pave a small area.

Interior Design
Campus: Chadstone
Example activity – Students will take home a mounted rendering and matching colour/sample board to go into their folio.

Tourism/Events
Campus: Waverley
Example activity – Spend the morning creating an awesome holiday for you and your friends. In the afternoon use your creative talent to design an event.

Courses offered are subject to availability.
