PRE-APPRENTICESHIPS
If you're unsure about which apprenticeship to do, consider a pre-apprenticeship. These courses teach you the basic skills of an industry, so you get a taste of what the apprenticeship and working in the field will be like.

Apprenticeships are taught on campus and are conducted in workshops which are set up just like a work site. This means you get hands on skills and training with our passionate teachers who have experience in the industry.

Completing a pre-apprenticeship can be a real advantage if you decide to take on the full time commitment of an apprenticeship. It can reduce the length of your apprenticeship and working in the field will be like.
