Internal Environmental Auditor Training Program

Course Code ET001

Duration 1 day

Program Purpose
AS14001:2001 requires organisations to conduct internal environmental audits. This program will train people to audit environmental management systems.

Learning Outcomes
- Review environmental aspects and impacts relevant to an organisation’s processes and legislative requirements
- Plan internal environmental audits
- Construct checklists and working documents
- Conduct audits of their environmental management systems
- Use a corrective action system when reporting on an audit’s findings

This program is suitable for current or prospective internal auditors, or people who require an understanding of environmental management systems.

Pre-Requisites None

2011 Program Dates
Conducted on demand.
