Internal Health and Safety Auditor Program

Course Code: HSAT01

Duration: 1 day

Program Purpose
This program has been designed to enable participants to plan and conduct internal health and safety audits required under AS4801:2001 and SafetyMAP.

It is suitable for current or prospective internal auditors, or people who require an understanding of health and safety management systems.

Learning Outcomes
- Plan internal health and safety audits
- Develop internal health and safety audit schedules
- Construct checklists and working documents
- Conduct lists of their health and safety management systems
- Use a corrective action system when reporting on an audit’s findings

Pre-Requisites: None

2011 Program Date
On demand only
