

Vocational Taster Experiences Pilot

Vocational Explorer Year 9 students

These one-day experiences are designed to help Year 9 students explore different career paths in a fun, practical and hands-on way. Delivered at our Chadstone or Moorabbin campuses, each day offers students the chance to try out real industry activities across multiple fields.

Part of the Vocational Taster Experiences Pilot, the program is ideal for any student, whether they're considering university, TAFE, or haven't decided on a pathway yet. It's about discovering what careers might interest them and gaining a clearer sense of the pathways available after school.

Choose one of three vocational explorer options – **Construction Essentials, Renewable Future, Caring Careers and the New* Digital Economy** stream.

Schools are welcome to book as many explorer dates and program streams as they like, however limited to one explorer per student.

Full day: 5 hours (plus break times)

Dates: Running on Fridays and limited Thursday dates commencing **February 19 2026**. Send your preferred dates and approximate student numbers via the booking form.

Cost: FREE for government schools (funded by the Department of Education) including transport.

What to Bring & Wear

- **Closed-toe footwear** (no sandals).
- Long hair tied back; avoid loose jewellery and clothes.
- Water bottle, BYO lunch, notebook (café available).
- All specialist PPE and materials are supplied.

Support & Accessibility

Holmesglen welcomes students of all abilities. Let us know any learning or access needs when you book so we can tailor support.
